The riots in Egypt will no doubt affect the price of a certain Egyptian cigarette made in New Jersey, from oak leaves.

What a woman told us yesterday

She was telling us why she went out of her way to buy her groceries from us.

"One reason," she said, "is because I'm always so sure of getting things that are good. Besides, you people seem to do everything you can to make my shopping easy."

Not all our customers tell us that, but we feel certain that these are the big reasons we have so many patrons and why we've had them so long.

We do try to make buying groceries easy and pleasant and we do try to have the best of everything in the grocery line.

One of the best things we have and recommend is RYZON Baking Powder.

'THE FORTUNE HUNTER' PLAYS TO LARGE AUDIENCE

"The Fortune Hunter," by the students of the dramatic department of the Weber Normal college, played before a crowded house at the Orpheum last evening, was highly praised by those who attended.

The story is that of a young man who has failed in every business pursuit. A wealthy friend advises Nat to repair to a country village, lead a quiet life, and marry the richest girl in the community. Nat in living in quiet environment, makes a success of a drug store and in the course of time becomes engaged to the richest young lady in the village, Georgia Tate as "Jesse," the heiress, played a clever part.

While laboring in the drug store, Nat fell in love with the daughter of his employer, Betty, a part played by Cora Mortenson. Sam Graham, drug store owner, was also an inventor and dreamer and until Nat arrived on the scene, was making a failure of his business.

As the plot of the play unfolded, it was apparent that Betty and not Jesse was to be the bride of Nat. Thus it turned out, a village slicker, who attempted to prove Nat a bank robber, and thus discredit him in the eyes of Jesse. Grant Dahlstrom played this part.

Those whose work was above the average in last night's performance were: Miss Cora Mortenson, Stanley Richey, John Croft, Walter Stevenson, Georgia Tate, Pat Chamberlain, Robert Newman, George Farley, Will Kautz, Leroy Johnson, Grant Dahlstrom, Ira Terry, Elbert Wright, Sidney Wilcox, Olin Ririe, Floyd Stuart, Golden Bingham, Wallace Budge and Robert Wilkenson.

London Police Change Ancient Equipment

LONDON, March 17.—One of the most picturesque features of the varied outfit of the London policeman, the old-fashioned oil lantern, is to give place to the electric flashlight. The London "bobby" has been accustomed when darkness fell to light his lamp and attach it to his belt at the back, slightly on the right side. It generated too much heat, was cumbersome and when a criminal was engaged in a scuffle with a policeman his clothing was generously sprinkled with kerosene.

LLOYD GEORGE PLANS ARE GIVEN CHECK

LONDON, March 17.—Premier Lloyd George's plans of fusing two wings of the coalition into a new party met an unexpected check yesterday, according to the London Times, when he privately addressed Liberal members of the ministry and urged that it was impossible at present to establish a purely Liberal government and that if the Liberals were to share even in the moulding of events at this critical time they could only do so in association with others.

Such a large proportion of his colleagues, says the Times, objected to his views that he was obliged to promise that he would go slow when discussing the situation at a meeting of all the coalitionists and Liberal members of parliament Thursday.

Fashion writers are now complaining that the w. k. dame who dictates milky clothes has no no concessions for Leap Year. A few more concessions and it will always be leap year as far as most men are concerned.

SUGAR COMPANY PLANS TO EVADE TAX

Counsel Admits Leasing Assets to Cuban Corporation to Es- cape Payment

NEWARK, N. J., March 17.—Richard V. Landabury, counsel for the Frisco Sugar company, a New Jersey corporation, admitted today that the company proposed to lease its assets to a Cuban corporation to be known as the Compania Azucarera Francisco in order to escape payment of federal income and excess profit taxes of approximately \$1,000,000 annually.

The lawyer made this admission during hearing on a suit brought by William H. Allen of Philadelphia, a stockholder, to prevent the company from taking the proposed action. Allen, who declared he would lose \$15,000 a year if he won his suit, set forth through his attorneys that "it is a scheme against public policy."

The defense asserted the action was legal and was "merely taking advantage of the option according to it by the revenue laws of the United States which give a resident taxpayer the opportunity of earning profits in foreign countries through the medium of foreign corporations and of paying a federal tax only upon so much of those profits as the tax payer takes from his subsidiary into his own treasury."

Thirty per cent dividends are promised stockholders this year because of the proposed tax saving, according to the defense.

Vice Chancellor Fielder reserved decision.

OFFICIALS OF PERU AWAIT RIOT NEWS

LIMA, Peru, March 16.—Officials of the Peruvian government have received no direct advices from Bolivia since Monday afternoon relative to disorders at La Paz where the Peruvian legation was attacked on Sunday night.

General Ismael Montes, former president of Bolivia, is apparently in complete control of La Paz and has called out all Bolivian reserve troops. De-

tails of troop movements, however, have not been received because strict censorship of land and cable telegraph lines has been established. Steamship service on Lake Titicaca has been suspended because it is feared the Bolivians may seize the steamers.
